- **The position of superintendent in the hierarchy of responsibilities for the running autonomy**
Ing. Milan Filip, Municipal Authority, Sečovce, SK
- **Discussion**

The work meetings held within open workshops (Czechoslovak cycle of open working meetings) lead to developing of procedures in area of analysis, design and management processes of authorities, creation of organization structures and management documentation using software tools. The meeting planned approximately once in 3 months will have open agenda, which means that it is possible to further discuss and adapt presented topics to actual needs of participants in order to detect current organizational structure issues from practical and academic perspective. The meeting is determined for all representatives of private and public sphere (public administration, self-government, education etc.) - managing directors, managers, chief officers, experts and specialists and professional staff.

14.45 - 15.00 hrs.

End of the Conference
